Petition to Withhold Abandonment

Dear Sirs:

We respectfully request withholding of abandonment for the above-identified patent application. We recently became aware that the above-referenced application had not received any correspondence from the Patent Office in some time. On June 17, 2003, we then called the OIPE to check the status of the application and were told that a Notice to File Missing Parts was mailed to us on November 7, 2002. A search of our records showed that Palmer & Dodge did not receive the Notice to File Missing Parts in the above-referenced application.

Palmer & Dodge keeps a mail log in a separate document which is maintained by our Patent Docketing Specialist daily. When Palmer & Dodge receives mail from the U.S. Patent and Trademark Office, Palmer & Dodge enters the correspondence into the mail log, and then into the electronic docketing system (CPI). We have enclosed a copy of the docket record for this case showing that Palmer & Dodge did not docket for a response to the Notice to File Missing Parts at any time.

We have also attached a copy of the patent mail log records from 11/7/02 - 12/31/02. We have also included a Declaration from Lisa A. Fletcher, Palmer & Dodge Patent Docketing Specialist who at that time had knowledge of all PTO correspondence delivered to Palmer & Dodge and states that Palmer & Dodge did not receive the Notice.

No fee is believed to be due, however, the Office is hereby authorized to charge any additional fees to Deposit Account No., 16-0085, Reference No. 18396/2112.

Respectfully submitted,

DECLARATION OF LISA A. FLETCHER, PATENT DOCKETING SPECIALIST

Dear Sirs:

I, Lisa A. Fletcher, was the Patent Docket Specialist at Palmer & Dodge from August 2002 to December 2002. I have over 8 years experience working with patent docketing. I was in charge of all incoming and outgoing U.S. Patent and Trademark Office correspondence for Palmer & Dodge during November/December 2002 time frame when the U.S. Patent and Trademark Office claims to have mailed the Notice to File Missing Parts in above identified application on November 7, 2002. Palmer & Dodge procedure is to open mail, date stamp mail, record mail in mail log and docket each piece of mail received on a daily basis. I have reviewed the mail log for the dates following November 7, 2002 through December 31, 2002 and have found no entry for the receipt of the Notice to Filing Missing Parts in the above-identified application. I have also checked Palmer & Dodge's electronic docketing system records and Palmer & Dodge has no record of receiving the Notice to File Missing Parts.

To my knowledge, Palmer & Dodge did not receive the Notice to File Missing Parts in the above-identified patent application from the U.S. Patent and Trademark Office.

I hereby declare that all statements made herein of my own knowledge are true, and that all statements made on information and belief are believed to be true; and further, that these statements were made with the knowledge that willful, false statements and the like so made are punishable by fine or imprisonment or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.

Respectfully submitted,
